

The loss of K-Love from public airwaves would be a tragic loss for not only myself and the community, but to the listening audience in foreign countries. The positive influence in K-Love's broadcasts offer a much needed refuge in a time of bombarding negativism. The testimonies given by the listeners on the air prove that K-Love is often the only positive note in some peoples' day. As a member of a global audience I beseech you with utmost sincerity. Dim not further our light and take not our beacon of hope and encouragement away from us!
